
COMPANIA DEL GAS

A V I S O

Se pone en conocimiento del público que desde el día de hoy, se administrará gas entre las horas 6 y 13, a presión reducida.

El servicio debe utilizarse únicamente en caso de necesidad, siendo IMPRESCINDIBLE CERRAR BIEN TODAS LAS LLAVES DESPUÉS DE CADA CONSUMO.

Para evitar accidentes, y a fin de colaborar al progresivo restablecimiento del servicio, deben cumplirse estrictamente estas instrucciones.

RECUERDESE BIEN: Cuando se deje de consumir gas, hay que observar que las llaves estén bien cerradas; el uso de gas no es peligroso cuando su suministro es regular, pero lo es cuando la Usina productora no funciona normalmente.

NOTA: Bajo ningún concepto deberán utilizarse bombas para aumentar la presión sin consultar a la Gerencia.

Más noticias serán comunicadas por Radio y Prensa después de las 15 horas de hoy.
